## QUALITY, AFFORDABLE POLARIZED EYEWEAR

Flying Fisherman® Polarized Eyewear is designed to offer quality, affordable polarized optics for anyone who spends time outdoors. Launched in 1985 in the Florida Keys, Flying Fisherman® eyewear is developed where the extreme sun and tremendous variety of gamefish provide some of the best fishing and field-testing grounds in continental America. Today, more than 50 styles make up the collection – from contemporary to timeless classics, kid's frames to bifocal readers, Flying Fisherman® sunglasses are all stylish, functional, and 100% polarized. They offer uncompromising performance and value, backed by our one-year warranty. Built for the water since 1985.

## ACUTINT®, POLARIZATION & UV PROTECTION

Glare is caused by horizontal light waves reflecting from flat surfaces like water, sand, snow, and pavement, making it difficult to see clearly. Flying Fisherman® AcuTint® lenses have a polarizing filter that reduces glare and enhances contrast without distorting natural colors. This results in sharper visual clarity, reduced eye fatigue, and enhanced ability to spot objects below the water's surface – a must when fishing or boating. All Flying Fisherman® lenses block 100% of harmful UVA and UVB rays up to 400 nanometers.

## COLLECTIONS

### MASTER ANGLER SERIES

- AcuTint® Polarized Polycarbonate RhinoLens™
- Decentered, distortion-free optics
- Shatterproof, 10 times more protective than plastic or glass
- Durable TR90® frames

### ACTION ANGLER SERIES

- AcuTint® Polarized Triacetate Lenses
- Impact and scratch resistant
- Lightweight polycarbonate frames

California residents see Prop 65 Warnings, [www.p65Warnings.ca.gov](http://www.p65Warnings.ca.gov)

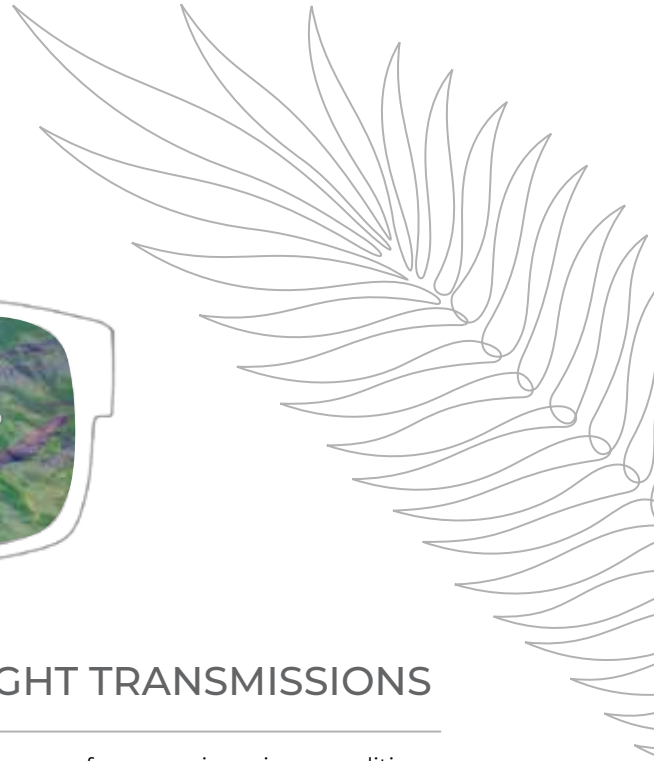

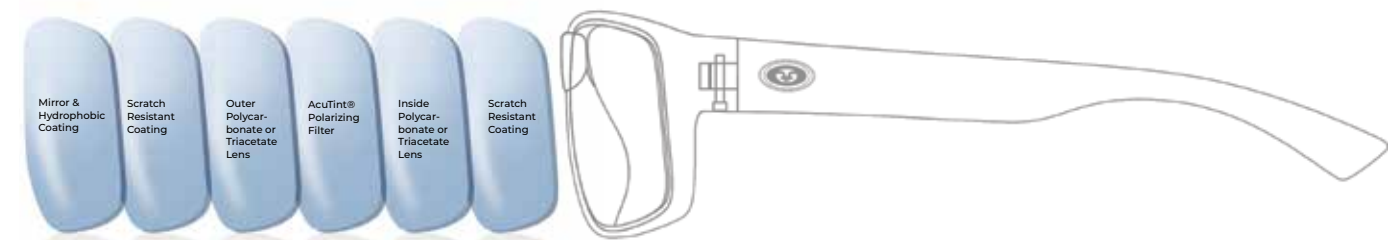

## ACUTINT® LENS COLORS & VISIBLE LIGHT TRANSMISSIONS

AcuTint® polarized lenses are offered in a variety of colors for maximum performance in various conditions. All provide 100% maximum protection from harmful UVA and UVB rays and meet all FDA, ANSI, and CE standards for general purpose sunglasses.

 <p><b>Smoke</b> – Gray green tint best for bright sun, and fishing in deep water. The most natural transmission of true colors. VLT 15%.</p>	 <p><b>Blue Mirror</b> – Smoke with blue multi-layer coating adds a stylish look and extra glare reduction. Best for bright sun. VLT 14%</p>
 <p><b>Amber</b> – Brown tint adds contrast and enhances definition while reducing glare. Best for overcast or cloudy conditions, shallow water fishing, also for bright sun. VLT 16%.</p>	 <p><b>Green Mirror</b> – Amber brown base tint with green multi-layer mirror coating works well in bright sun or low light, flats fishing. Enhances contrast. VLT 16%.</p>
 <p><b>Yellow-Amber</b> – Very high contrast tint for low to medium light conditions like early morning or evening. Maximum sharpness and definition. VLT 31%</p>	 <p><b>Gold or Red Mirror</b> – Amber brown base with a red or gold multi-layer coating adds extra glare reduction. Good in low light conditions. VLT 14%</p>
 <p><b>Vermillion and Copper</b> – High contrast tints favored for low light, sight fishing, muddy water, and driving. Sharpens visual clarity. VLT 16% and 19%.</p>	 <p><b>Silver Mirror</b> – Smoke gray or copper lens with silver multi-layer mirror coating. Smoke/silver is excellent for bright sun. VLT 15%. Copper/silver enhances contrast in low light. VLT 18%</p>

## LENS CONSTRUCTION

# LONG SLEEVE PERFORMANCE SHIRTS

**SUN PROTECTION**  
UPF 50+ sun protection keeps harmful UV rays at bay. Dark colors offer the most protection.

**MOISTURE WICKING**  
Pulls water and sweat away from your skin to evaporate quickly, leaving you dry and cool.

**ANTIMICROBIAL**  
Eliminates the growth of odor-causing bacteria and resists stains, so you feel fresher longer.
